News... In 2009 Katie's House was approved by the State of New Jersey as a provider of several important services for individuals with disabilities to assist them in various life skills. These services offered, organized and run by our Center for Advancement are important steps both for Katie's House and for the community of young adults that we support. They broaden the assistance that we can offer and provide opportunities not previously available in the community that we serve.

Our Cooking class below encourages a healthy diet while also teaching proper food handling and cooking techniques.

Other classes offered include:

Sign Language, Dance and Art assist in communication, balance and fine motor skills.

Our Service Group bottom left collected new toys for the Pediatric Oncology Patients at St. Joseph's Hospital in Paterson for the Spring Party.

Once again, we thank you for your extraordinary generosity. Project Self-Sufficiency's success depends of the continued support of caring community members, like yourself. We are very appreciative of your support and hope you will think of us again in the future.

Sincerely,

Deborah Berry-Toon

During 2009 KH Service Group provided \$2,000 worth of toothbrushes to various groups. We collected and delivered new and used clothes and household items valued at \$3,400 to Martin de Porres a shelter in Paterson and \$1,800 worth of new toys for 117 children undergoing treatment in the Pediatric Oncology Department at St. Joseph's Hospital in Paterson.

Just as these organizations thank us for the help that we've given to them, we thank you; our generous supporters... without you, none of this would be possible.

Dear Evelyn Dudzic,

Thank you for your help and support in every and any project that we have here. Just a simple request and you have an answer and get results. Your countless donations have assisted so many children and their families not to mention our Summer Program . You are always there!!!
