**Katie's House...Purchases a Home for Young Men with Disabilities**

After much consideration it was decided to move forward and Katie's House Inc. purchased a second home as part of its Residential Program. The closing was in May and the home is in Newton, one mile from our original residence for young women. This new home is in need of much renovation and alteration to fit it for its intended purpose... a residence for young adult males with disabilities. You will be hearing more about our progress in future newsletters. Right now activity is intense since we are planning for completion this coming September. We would like you to meet the future residents of "Richard's Place", Richard and Jeremy, together demonstrate the power of the human spirit. This is the house on the left. **Please consider helping us renovate.**

**Richard**

**Richard** is 25 and presently lives in West Milford. He is a friendly outgoing young man who works part time at a local supermarket stocking shelves. He actively participates in KH programs, including sign, dance, cooking classes and the Friendship Group. Richard's Mom spearheaded the initial fundraising to assist with the purchase of this house, The home will be a parent driven residence and not a group home.

**Jeremy**

**Jeremy** is 33 and presently lives in Hardyston. He is quiet yet friendly. He works part time at a local supermarket. Jeremy attends our Friendship Group and looks forward to living independent of his parents. Jeremy's parents have been helping with the demolition at the house and look forward to their son having the opportunity to live his life his way.
